

Booster Club Basketball

Grades 3-8th

We are still looking for someone to step up and run the booster club. They will be in charge of scheduling parents to help with home games.

This Thursday we have a home game and we need parents to help run the kitchen and admissions. During practice we will have a form hanging up on the wall to sign up for games.

We need 3 parents in the kitchen setting up and running the concession. We need at least one parent at the door for admissions.

For a program to grow and become stronger we need to work together as a team. Even if you help out for only one game you will still be contributing to the success of our program.

Thank you,

Scott Gangloff
Athletic Director
